

Information Sheet 50

Cyprus Tax Highlights

Last edited January 2024

Introduction

This Information Sheet is a very brief outline of the main Cyprus taxes applicable to Cyprus tax resident companies and individuals. A more comprehensive summary can be found on Information Sheet No.13.

Corporate Taxation

Tax Residency: A company is resident in Cyprus if its management and control is exercised in Cyprus. In addition, as of 31/12/2022, a company incorporated or registered in Cyprus, and whose management and control is exercised from outside Cyprus, will be considered Cypriot tax resident, provided it is not tax resident in any other jurisdiction.

Basis of Taxation: Resident companies are taxed on their worldwide income. Non-resident companies are taxed only on their Cyprus sourced income.

Tax rate: 12.5% | Certain types of income are tax exempt or are subject to other types of taxation

Exempt income

- Profit from sale of qualifying titles (e.g. shares, bonds, options on titles, and other)
- Dividends
- Passive interest (e.g. bank deposit interest)
- 80% deemed expense of the profit arising from the use or sale of qualifying Intellectual Property
- Profits of a permanent establishment abroad (subject to conditions, which are easily met)
- Capital gains from the disposal of immovable property situated outside of Cyprus.

Deductions

- General rule: Expenses incurred wholly and exclusively for the production of taxable income
- Contributions to approved funds
- Capital allowances on fixed assets (wear and tear)
- Notional interest deduction on new equity (i.e. fully paid up share capital and share premium) introduced in the business as of 1 January 2015 and onwards. The notional interest deduction is calculated by applying on the new equity the interest rate of the ten-year government bond yield (as at 31 December of the previous year) of the country in which the new equity is invested, increased by 5%. Certain anti-avoidance provisions apply.
- Donations to approved Cyprus charities
- Repairs of business assets

- Interest paid for the acquisition of business assets generating taxable income (including the interest incurred for the acquisition of a 100% subsidiary)

Non-deductible expenses

- Interest expense in relation to the acquisition of a non-business asset (applicable for 7 years)
- Salaries for which contributions were not paid within the year due for payment
- Professional tax
- Entertainment expenses (in excess of 1% of the gross income or €17.086, whichever lower)

Special Contribution for Defence

Special contribution for defence ("SDC") is a tax imposed on certain types of income earned from Cyprus tax residents (individuals and entities). Non-residents, and resident individuals who are not domiciled in Cyprus⁽²⁾ are exempt from special contribution for defence.

Type of income	Individuals	Companies
Dividend income from Cyprus resident companies	17% ⁽²⁾	Nil
Dividend income from non-Cyprus resident companies	17% ⁽²⁾	Nil ⁽¹⁾
Interest income arising from the ordinary activities or closely related to the ordinary activities of the business	Nil	Nil
Other interest income	17% ⁽²⁾	17%
Rental income (reduced by 25%)	3% ⁽²⁾	3%

In all cases, foreign tax suffered may be claimed as a deduction (credit) against SDC resulting from the same income.

Notes:

1. Foreign dividend is exempt from SDC subject to conditions which are easily met (i.e. based on the activeness of the source company from which the dividend emanates OR based on the level of tax suffered by the company paying the dividend). Where the exemption does not apply, SDC at the rate of 17% applies.
2. Cyprus tax resident individuals who are considered as non-domiciled in Cyprus for tax purposes are exempt from SDC. As such, dividends, interest and rents earned by such individuals, irrespective of the origin of the relevant income (i.e. from sources within Cyprus or abroad) will be exempt from SDC. Note that dividends and interest are also generally exempt from income tax. As from 2015, an individual is deemed to be domiciled in Cyprus if he has a domicile of origin in Cyprus as per the Wills and Succession Law (with certain exceptions), or if he has been a tax resident in Cyprus for at least 17 out of the 20 years prior to the tax year of assessment. Anti-avoidance provisions apply.

Capital Gains Tax

Tax Rate: 20% | Applicable ONLY on gains from the disposal of *immovable property situated in Cyprus* (or shares in companies which own such property, or which indirectly own such property and derive at least 50% of their market value from such immovable property). Certain transfers / disposals are exempt from this tax.

Value Added Tax (VAT)

VAT is imposed on the provision of goods and services in Cyprus, as well as on the acquisition of goods from the European Union (EU) and the importation of goods into Cyprus. The EU VAT Directive has been fully implemented.

Rates

- Standard rate 19%
- Reduced rate (5%)
- Reduced rate of 9%
- Zero rate (0%)

Other

Withholding Tax

There are no Cyprus withholding taxes on any outgoing payments from Cyprus (dividends, interest, royalties, fees) towards non-Cyprus residents (companies or individuals), except in the case of dividends/ interest/ royalties paid from Cyprus to companies that are resident in an EU-blacklisted jurisdiction, or that are incorporated/ registered in an EU-blacklisted jurisdiction and are not tax resident in any other jurisdiction that is not included in the EU blacklist (applies as from 31/12/2022).

Note:

In case of royalties used in Cyprus, there is a 10% Cyprus withholding tax with possible elimination or deduction from access to double tax treaty or EU Directive benefits. Further, as of 1st January 2016, there is a 5% Cyprus withholding tax imposed on the gross income derived by non-Cyprus tax residents relating to oil and gas extraction, exploration and certain other related services performed in the exclusive economic zone of Cyprus.

Double Tax Relief

Foreign tax suffered on an income which is taxable in Cyprus may be claimed as credit against the Cyprus tax (income tax and defence tax) resulting from the same income. This is applicable both for companies and individuals.

Deemed Dividend Distribution

To the extent that there are Cyprus resident ultimate beneficial shareholders (UBO's), there are additional tax issues to consider.

Personal Income Tax		
Chargeable Income	Tax Rates	
€	%	
0 – 19.500	0	- An individual who spends more than 183 days in Cyprus in any calendar year is considered to be tax resident in Cyprus for that year. In addition, as from 1 January 2017, an individual who spends at least 60 days in Cyprus in any calendar year may be considered to be tax resident in Cyprus for that year, subject to certain conditions being cumulatively met.
19.501 – 28.000	20	- Cyprus tax residents are taxed on their worldwide income.
28.001 – 36.300	25	- Individuals who are not tax residents of Cyprus are taxed on income accrued or derived only from sources in Cyprus.
36.301 – 60.000	30	Certain types of income are tax exempt from personal income tax and taxed separately (e.g. dividends taxed @ 17% defence tax, interest taxed @ 30% defence tax, capital gains tax @ 20%). Profit from sale of shares is completely exempt from all Cyprus taxes
Over 60.001	35
